**I. Product Description**

CRC Oil Fighter is a revolutionary new product, that effectively removes oil stains from surfaces. Effective on concrete floors and driveways, paving, cobbles, masonry, timber, heavy duty carpets and mats. Oil Fighter is ideal for all automotive, industrial and household needs.

Whether it be leaks, spills, drips, drops or stains, simply spray Oil Fighter on the oil stain, and allow to dry to a powder, absorbing the oil and pulling it to the surface in the process. Then easily sweep or hose off.

CAUTION – DO NOT USE on asphalt surfaces.

**II. Features & Benefits**

- Removes oil and grease stains.
- Works on concrete, paving, cobbles, masonry, timber, heavy duty carpets and mats.
- Simple spray on brush off formula.
- Rapid formula works in just 1-2 hours.

**III. Application Directions**

Read Entire Label Before Use

1. Wipe up any excess oil.
2. Shake can well.
3. Hold can upside down 150mm directly above the stain.
4. Spray stained area, extending application 20mm past the stain.
5. Allow to dry completely to a powder – 1-2 hours depending on the temperature, humidity and ventilation.
6. Once completely dry sweep or vacuum up the remaining powder. On rough or porous surfaces, brushing or hosing off with water may be required.
7. If some staining remains, reapply, scrub with stiff bristled brush and repeat steps 5 and 6. May not remove all stains.

CAUTION – DO NOT USE on asphalt surfaces. Test in an inconspicuous area before using on sealed concrete, coloured or painted surfaces and carpet. Prior use of other cleaners may impact results.

**IV. Typical Properties and Characteristics**

<b>Propellant</b>	Hydrocarbon
<b>Temperature Range</b>	Storage conditions below 50°C
<b>Valve Type</b>	Inverted spray.

**V. Package Description**

Part Number	Size
5069	Aerosol 400 ml

**VI. Special Precautions**

General:

Extremely flammable aerosol, highly flammable liquid and vapour. Keep away from naked flames, electrical appliances/lights, lighted cigarettes, etc. Do not spray on open flame or other ignition source. Use with adequate ventilation. Store in a cool, well-ventilated area. Do not eat, drink or smoke when using this product. Dispose of empty containers safely. All unused product

should be disposed of in conformance with local and HSNO regulations, do not contaminate water supply.

**Aerosol Cans:**

Do not puncture, incinerate or store above 50°C. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

**First Aid:**

Swallowed – Avoid giving milk or oils or alcohol. Not considered a normal route of entry.

Skin – Flush skin and hair with running water (and soap if available). Remove any adhering solids with industrial skin cleansing cream. DO NOT use solvents. Seek medical attention in the event of irritation.

Eyes – Immediately hold the eyelids apart and flush the eye continuously for at least 15 minutes with fresh running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. Transport to hospital or doctor without delay.

Inhaled – Remove to fresh air. Lay patient down. Keep warm and rested.
