

H2O Gun shampoo

- Save a lot of time and clean your spray guns for water based paint automatically
- Up to 200 cleaning sessions for every 20l
- Product can be reused by coagulation in combination with the Finixa Regenerator (BTC 001), this reduces the waste drastically up to 2 or 3 kg solid material instead of 20 L. This can be collected by an officially recognised company.
- Can be used in combination with all automatic spray gun cleaners. Or, if necessary, in combination with a manual spray gun cleaner.
